

Diners Club[®] Corporate Purchasing Card

Diners Club offers a convenient Purchasing Card and powerful toolkit for managing your ongoing procurement requirements, while enhancing control and spend visibility.

Conveniently manage your ongoing procurement requirements

- **Global acceptance:** Diners Club Purchasing Card is accepted worldwide at over 38 million MasterCard[®] merchant locations and over 2 million ATMs worldwide
- **Preserve your organization's existing investment:** Purchasing transactions can be integrated into your organization's existing Enterprise Resource Planning (ERP) system
- **Comprehensive data capture:** Suppliers with upgraded systems are able to provide incremental data, including sales tax amount, tax ID number and in many cases, the full line-item detail
- **Help centralize spend:** Department Cards issued in the name of a department, are all cardless accounts
- **Improve supplier negotiations:** Centralized data on all expenditures facilitates spend analysis and supplier relationships
- **Leverage multiple product offerings:** Corporations have the ability to leverage other products including Travel & Entertainment Card and Fleet Card to meet all your business expense needs

Empower your employees while increasing your security

- **Improve security:** Diners Club Purchasing Card provides powerful controls including monthly/cycle credit limits, per transaction limits, Merchant Category Code (MCC) blocking, individual supplier blocking and more
- **Empower your employees:** Your employees can make purchases when they need to, while maintaining corporate accountability
- **Improve efficiency:** Greatly reduce cumbersome back office processes by shifting payment from manual invoice and cheque/check requisition to efficient purchasing card settlement
- **Increase productivity:** Reallocate internal resources to more productive tasks within the organization
- **Reduce maverick spending and cost overruns:** Ensure compliance with your organization's spending policy, budgets and limits
- **Protection from unauthorized and non-business expenses:** Ensure your corporation is protected against employee misuse

Information Reporting & Risk Management

For greater visibility and control of your business, and to minimize risk, you need timely, accurate information reporting. BMO's comprehensive reporting and risk management solutions can help you manage your business while saving you time and money.

With BMO's online card program management and reporting tool you can:

- Gain visibility and control
- Manage access to information
- Set up card limits
- Provide audit trails
